

# A Year Blessed by Our Savior

Four retired couples, members of MAPP\* spent January doing dozens of small and large projects at Rancho de la Paz, including completion of the mural behind them in our LRm.

Each couple stayed in their own RV on our newly completed 4-space RV park – on our lower field.

We enjoyed visits from many friends and relatives throughout the year. Some we had not seen in up to 40 years. What a joy to renew relationships and hear how God has worked in each life.

Funds were contributed to enable us to video our Marriage Seminar so it can be sent places we can't get to. It was recorded at a joint Seminar sponsored by five churches of our valley.

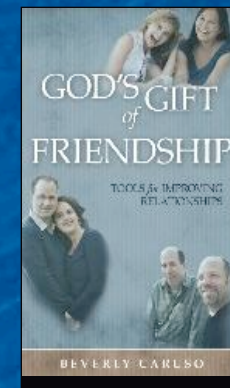

March brought together over thirty members of the extended Hall family – from around the U.S., and as far away as New Zealand.

In the fall Bev's two most recent books were released:

*'God's Gift of Friendship'*

and

*'How to Get Your Writing Into Print and Get it Read.'*

The highlight of the year was celebrating our 50<sup>th</sup> wedding anniversary during a get-away to San Diego and later, a party given by our kids and grandkids. We are sooo blessed, and feel so loved - - affirmed. ➔
