

Rancho is our hospitality center for those engaged in God's work. Our guests this year have included among others, a 3-generation family of nine. We're able to provide guests with, not only a safe place for rest, but often the fellowship progresses to encouragement and counseling.

Our skydiving friend, Deb, is above Lake Elsinore and its surrounding community. City motto is: 'Dream Extreme' and also offers hang gliding & motocross. We reach out to our city through Feeding the Hungry at City Park where Pete shares the Gospel regularly, and as he continues to serve on the Mayor's Prayer Breakfast Planning Committee for his sixth year.

## Merry Christmas 2009 from Pete and Bev Caruso

How good it is to know one thing is certain in these times of uncertainty – we can look back at our Savior's birth and forward to His soon return.

We're reminded of these certainties each time God provides our needs, often in the most unexpected ways. We look around our home and see constant reminders of our loving Heavenly Father's care and provision – many of those through your hands, our family and friends.

We're blessed by our immediate family of three children, 8 grandchildren, (+6 spouses), 8 great grandchildren and a host of relatives and friends. *Merry Christmas!*

How blessed we are: 51 years as husband and wife, ministry partners, and best friends !!!

We're grateful for good health that allows us to still have fruitful ministry to others. Pete preaches and teaches; Bev just finished writing our book: 'Love that Keeps on Growing' based on our Marriage Seminars. In January she'll teach a Writers Seminar for the churches in our valley.

The last couple years have been especially fulfilling for Pete as he continues to meet weekly with pastors in three local cities. He's seeing a long time dream fulfilled as the pastors of the area become connected in love and service.
